

Gems *of* Excellence I & II GeoTran™

A Powerful Breakthrough in Brain Re-education A Dynamic Method to Integrate Body, Mind and Spirit

Developed after 35 years of research by Dorothy Espiau of Sedona, Arizona, The Gems of Excellence provides a new way of understanding brain function. It helps people to grow and achieve in all areas of life by increasing the awareness they have of the power of choice. It allows the release of one's full potential physically, emotionally, and intellectually by integrating and harmonizing all of the brain's energies into balance.

*In the Gems of
Excellence
Seminars, you
can learn to:*

- Read with greater comprehension
- Think more clearly
- Overcome Dyslexia and other scholastic learning dysfunctions
- Increase memory
- Minimize stress
- Build self-esteem
- Conquer fears and phobias/addictions
- Improve co-ordination
- Reduce learning stress affecting the physical body creating health conditions
- Understand the relationship between brain harmony and personality traits
- Unlock talents and creativity
- Improve relationships and learn about missing traits . . .
and much, much more

Who can benefit from Geotran™ - Gems of Excellence Seminars?

The Gems programs are designed for educators, business and health professionals, and the lay person, adults and children. The focus of The Gems of Excellence is on simple techniques used on self and others to re-educate and integrate whole brain functions for greater ease in making life choices and performance. Introductory Seminars are ongoing in all areas.
